Stone Coat Ventilation

Part #	Description	Colors	Pieces/ Box	Boxes/ Pallet
--------	-------------	--------	----------------	------------------

Roof Vents

SCARVA51 - -	Mushroom Roof Vent	*(listed below)	8	9
<i>Mushroom vent is used for pitches 8/12 or less and provides 50 square inches of net free air flow per vent.</i>				
SCASLA - -	Slant Back Roof Vent	*(listed below)	6	9
<i>Slant backs can be used on most roof pitches and provides 50 square inches of net free air flow per vent. The slanted portion keeps water from coming in the back of the vent and has a guard to keep out bird nests.</i>				
SCALCPF - -	Power Vent	*(listed below)	1	30
<i>Power vent includes a thermo-humidistat. This vent is a great way to eliminate the thermo clime between upper and lower sections of the home. The power fan empties out the hot air in the attic which ultimately saves on the cooling costs.</i>				

Low Profile Ridge Vent & Accessories

SCALRV10 - -	Low Profile Ridge Vent	*(listed below)	8	12
<i>The 10' sections install quickly over convention ridge vents. Straps are not necessary because of the interlocking male-female ends of the panel. The ridge vent features 18" net free air flow per foot. Ridge vent also includes a patented baffle to prevent rain and snow from infiltrating the vent.</i>				
SCLPVEC - -	Low Profile Ridge Vent End Caps		24	192

Pipe Jack

SCAPF13 - -	1.5" - 3" Pipe Jack	*(listed below)	12	60
SCAPF34 - -	3" - 4" Pipe Jack	*(listed below)	12	60

Pipe flashings have rubber boots that can be trimmed to fit various sizes of roof pipe stacks.

ROOFING *Accessories*

**ACM is a “one stop shop”
manufacturing system for all
your exterior metal products.**

ACM manufactures rainware, edge metals, trim coil, soffit and fascia, siding accessories, and metal roofing in aluminum, steel, and copper. We are constantly upgrading our plants and machinery to improve quality, add additional profiles, and create new innovative products.

**Aluminum is made with majority of
post consumer waste.**

Aluminum and steel are recyclable, aluminum even more so. Did you know that Aluminum can be recycled over and over again? 75% of all aluminum ever smelted is still being recycled.

We keep Green Circle Certificates on hand for your access proving that 75% more of our raw material comes from recycled consumer waste. You may use this information to advertise that you are a “Green” company or as back-up documentation for government projects.
