

# EDGE METALS

A large, modern, multi-story house with a green metal roof and white siding is the central focus of the image. The house features a prominent gable with a large window and a balcony with a white railing. It is situated on a sandy dune with palm trees in the background.

## ALUMINUM LIMITED LIFETIME WARRANTY

### EDGE METAL PRODUCTS

American Construction Metals (ACM), manufactures Aluminum Edge Metal Products in accordance with high standards and tight quality controls. Products covered in this warranty include Drip Edge, W-Valleys, and other Roof Flashings. The aluminum products will not burn, support combustion, split, or crack due to cold weather.

**LIMITED  
LIFETIME  
WARRANTY**

#### BUY ACM PRODUCTS WITH CONFIDENCE KNOWING THAT:

- ACM Aluminum Edge Metal products carry a Limited Lifetime Warranty.
- Material and Labor is covered.
- Doesn't require registration.

#### WHAT DOES THIS WARRANTY COVER?

ACM warrants to the owner of the property at the time the products were installed, that the products were free from defects in material and workmanship in the course of manufacture, and that the finish on the products will not chip, peel, flake, or blister under conditions of ordinary wear. Products must be installed according to local building codes and industry specifications. This warranty excludes any areas of the material that are within 3/4" of any edge that has been cut subsequent to the application of the paint to the substrate. This warranty is limited to the terms and conditions, exclusions, limitations, requirements, and legal rights stated in this warranty.

#### HOW LONG DOES THE COVERAGE LAST?

If the property is individually owned, this Limited Lifetime Warranty lasts for the life of the property on which the products were originally applied for as long as the individual owns the property. If the property is not individually owned (e.g. corporation, condominium, cooperative housing arrangement, unincorporated association, school, church, government, or public entity, etc.), the warranty period will be 50-years from the date of original installation of the products on the property, prorated as outlined in the Warranty Coverage Schedule contained within. This Limited Lifetime Warranty is limited to the original owner. Coverage will be 100% for ten years after the installation and prorated after that period. See Warranty Coverage Schedule section for details of prorated coverage.

#### WHAT WILL ACM DO?

Property owner must notify the ACM Warranty Department in accordance with the notice requirements outlined below to validate the complaint. In the event the manufacturer is denied access for an inspection, this warranty is null and void. Upon the notification and validation, ACM will undertake the following: ACM will repair, repaint, replace, or refund the purchase price of the defective portion of ACM product that blisters, cracks, crazes, flakes, peels, or weathers unevenly due to a defect in the manufacturing process. ACM's obligations under this warranty will in no event exceed the purchase price of the originally installed products found to be warrantable in the original installation of such defective products. Any additional costs and expenses beyond these amounts are the property owner's responsibility. ACM will not pay or be responsible for any costs associated with or related to anything else affixed to the material or building's roof, including but not limited to solar panels, television antennas, moisture sensors, etc.

In the event of repair, replacement, or refinishing, the warranty will extend only for the time remaining under the original warranty. ACM will determine the reasonable labor costs to repair, repaint, or replace product under this warranty.

#### WHAT IS NOT COVERED UNDER THE WARRANTY?

This warranty does not cover damage of any kind resulting from:

- Uninstalled product that is stored in situations where standing water is covering the surface for a prolonged period of time.
- Faulty or improper installation, including "oil canning", waving, buckling, or other distortions. Flat roof or commercial applications require minimum of .050" aluminum material.
- Installation of ACM product in direct contact with dissimilar materials, salt spray, and cedar shake roofing.
- Cracking or crazing of the product's paint surface due to field forming of products in cold temperatures; or material that has bends less than 2T for a sheet thickness of 0.0299" and thinner and bends less than 4T for a sheet thickness of 0.0300" and thicker.
- Changes in surface color resulting from chalking, fading, soiling, tree sap, or staining. Exposure to the elements may cause these changes over time. The degree to which weathering occurs will vary depending on air quality, the building's location, and other local conditions over which ACM has no control.
- Accidental damage.
- Settlement.
- Structural shrinkage or distortion of the property structure.
- Fire.
- Lightning, hurricane, tornado, windstorm, earthquake, hail, ice damage or other acts of God.
- Issues stemming from ice damming and the common remedies including the use of ice rakes, salt or deicing chemicals, and high pressure steam spraying.
- Harmful chemicals including cleaning compounds, herbicides, and pesticides.
- Fumes, volcanic smog, or vapors within 30-miles of volcano.
- Surface deterioration due to air pollution, use for animal confinement structures, or within a mile of the seacoast and other bodies of saltwater.
- Misuse or abuse. Use of high pressure sprayer will void warranty.
- Vandalism.
- Airborne stains, mold and mildew accumulation.
- Tiger striping or atmospheric soil accumulation is a naturally occurring phenomenon that is not covered under the finish warranty.
- Failure of original property owners to provide reasonable and necessary maintenance of the products.
- Impact of foreign objects.
- Warping or distortion due to exposure to excessive heat sources.
- Products that have been painted, reinstalled, or whose surface has been altered in any manner will void the warranty.
- Any other causes beyond the reasonable control of ACM.

## STEEL LIMITED LIFETIME WARRANTY

### EDGE METAL PRODUCTS

*American Construction Metals (ACM), manufactures Steel Edge Metal Products in accordance with high standards and tight quality controls. Products covered in this warranty include Drip Edge, W-Valleys, and other Roof Flashings. The steel products will not burn, support combustion, split, or crack due to cold weather.*

#### BUY ACM PRODUCTS WITH CONFIDENCE KNOWING THAT:

- ACM steel edge metal products carry a Limited Lifetime Warranty.
- Material and labor is covered.
- Doesn't require registration.

#### WHAT DOES THIS WARRANTY COVER?

ACM warrants to the owner of the property at the time the products were installed, that the products were free from defects in material and workmanship in the course of manufacture, and that the finish on the products will not chip, peel, flake, or blister under conditions of ordinary wear. Products must be installed according to local building codes and industry specifications. This warranty excludes any areas of the material that are within 3/4" of any edge that has been cut subsequent to the application of the paint to the substrate. This warranty is limited to the terms and conditions, exclusions, limitations, requirements, and legal rights stated in this warranty.

#### HOW LONG DOES THE COVERAGE LAST?

If the property is individually owned, this Limited Lifetime Warranty lasts for the life of the property on which the products were originally applied for as long as the individual owns the property. If the property is not individually owned (e.g. corporation, condominium, cooperative housing arrangement, unincorporated association, school, church, government, or public entity, etc.), the warranty period will be 50-years from the date of original installation of the products on the property, prorated as outlined in the Warranty Coverage Schedule contained within. This Limited Lifetime Warranty is limited to the original owner. Coverage will be 100% for ten years after the installation and prorated after that period. See Warranty Coverage Schedule section for details of prorated coverage.

#### WHAT WILL ACM DO?

Property owner must notify the ACM Warranty Department in accordance with the notice requirements outlined below to validate the complaint. In the event the manufacturer is denied access for an inspection, this warranty is null and void. Upon the notification and validation, ACM will undertake the following: ACM will repair, repaint, replace, or refund the purchase price of the defective portion of ACM product that blisters, cracks, crazes, flakes, peels, or weathers unevenly due to a defect in the manufacturing process. ACM's obligations under this warranty will in no event exceed the purchase price of the originally installed products found to be warrantable in the original installation of such defective products. Any additional costs and expenses beyond these amounts are the property owner's responsibility. ACM will not pay or be responsible for any costs associated with anything else affixed to the ACM product.

In the event of repair, replacement, or refinishing, the warranty will extend only for the time remaining under the original warranty. ACM will determine the reasonable labor costs to repair, repaint, or replace product under this warranty.

#### WHAT IS NOT COVERED UNDER THE WARRANTY?

This warranty does not cover damage of any kind resulting from:

- Uninstalled product that is stored in situations where standing water is covering the surface for a prolonged period of time.
- Faulty or improper installation, including "oil canning" waving, buckling, or other distortions. Flat roof applications require minimum of 24 ga. steel material.
- Installation of ACM product in direct contact with dissimilar materials, salt spray, and cedar shake roofing. Cracking or crazing of the product's paint surface due to field forming of products in cold temperatures; or material that has bends less than 2T for a sheet thickness of 0.0299" and thinner and bends less than 4T for a sheet thickness of 0.0300" and thicker.
- Changes in surface color resulting from chalking, fading, soiling, tree sap, or staining. Exposure to the elements may cause these changes over time. The degree to which weathering occurs will vary depending on air quality, the building's location, and other local conditions over which ACM has no control.
- Accidental damage.
- Settlement.
- Structural shrinkage or distortion of the property structure.
- Fire.
- Lightning, hurricane, tornado, windstorm, earthquake, hail, ice damage or other acts of God.
- Issues stemming from ice damming and the common remedies including the use of ice rakes, salt or deicing chemicals, and high pressure steam spraying.
- Harmful chemicals including cleaning compounds, herbicides, fertilizers, and pesticides.
- Fumes, volcanic smog, or vapors within 30-miles of volcano.
- Surface deterioration due to air pollution, use for animal confinement structures, or within a mile of a seacoast or other bodies of saltwater.
- Misuse or abuse. Use of high pressure sprayers voids warranty.
- Vandalism.
- Airborne stains, mold and mildew accumulation.
- Tiger striping or atmospheric soil accumulation is a naturally occurring phenomenon that is not covered under the finish warranty.
- Failure of original property owners to provide reasonable and necessary maintenance of the products.
- Impact of foreign objects.
- Warping or distortion due to exposure to excessive heat sources. Products that have been painted, reinstalled, or whose surface has been altered in any manner will void the warranty.
- Any other causes beyond the reasonable control of ACM.

# EDGE METALS

**ACM is a "one stop shop" manufacturing system for all your exterior metal products.**

ACM manufactures rainware, edge metals, trim coil, soffit and fascia, and siding accessories. We are constantly upgrading our plants and machinery to improve quality, add additional profiles, and create new innovative products.

**Aluminum is made with majority of post consumer waste.**

Aluminum and steel are recyclable, aluminum even more so. Did you know that Aluminum can be recycled over and over again? 75% of all aluminum ever smelted is still being recycled.

We keep Green Circle Certificates on hand for your access proving that 75% more of our raw material comes from recycled consumer waste. You may use this information to advertise that you are a "Green" company or as back-up documentation for government projects.
